**A Royal Day at Castello di Amorosa**

*12:30 pm to 5:00 pm*

Castello di Amorosa has become a popular destination for highly sought after California wines since it officially opened its doors in April 2007. It was initially constructed as a pet project by 4<sup>th</sup> generation V. Sattui Winery vintner, Dario Sattui. Since then, the winery has taken on a life of its own, becoming one of the most visited attractions by travelers, which comes as no surprise since it is the only property of its kind in the region--complete with a beautiful castle straight out of a storybook that sits on breathtaking grounds.

Let Impact Destinations and Events open the castle doors for your guests for a private tour and tasting experience that is nothing short of royalty. Roam the courtyards and marvel over the intricate details masterfully integrated into the castle, including murals, impressive masonry, and iron work. This is one wine tasting excursion the group is sure to never forget!

After a visit to the Old World, we will bring your guests back to present day and into a second winery for another memorable private wine tasting experience.
