

We see firsthand how many families have lost loved ones to cancer. That's why we're committed to fighting back.

By forming a team for our local American Cancer Society Relay For Life event, we *celebrate* those who have claimed victory over cancer, *remember* those who lost the battle and *fight back* to put an end to the disease.

To support our team in the fight against cancer, form your own team or find other ways to get involved in our local Relay For Life, visit www.relayforlife.org.

Our funeral home is proud to be part of the National Funeral Directors Association National Relay For Life Team.
